Amsterdam, April 3rd 2019, Cryptorefills expands its partnership network enabling its users to purchase games and game credits globally with bitcoin. As of today, Cryptorefills **users around the world can purchase Steam, Xbox and PlayStation gift cards and pay with bitcoin, litecoin or other cryptocurrencies**. The new Cryptorefills global offer also includes credits and vouchers for premium game titles like **World of Warcraft, Counterstrike, League of Legends** and **Minecraft**. **Google Play** gift cards, now available on Cryptorefills, allows users to pay with crypto for their favorite Android games and apps.

Cryptorefills enables its users to purchase mobile phone prepaid credit and data bundles using bitcoin and crypto across 600 Mobile Operators in over 180 countries. By adding the new “games offer” to its catalogue, Cryptorefills aims to enable gamers around the world to purchase their favourite products with crypto. Gamers are innovators, used to dealing with the concept of virtual currencies and many are great crypto fans. Cryptorefills supports bitcoin holders and crypto fans all over the world, as well as underbanked users from emerging markets to shop with crypto.
